Media Advocacy For Sustainable Development Goals

01-5705651/52, Dillibazar, Kathmandu
info@bishalmediagroup.com, www.bishalmediagroup.com

Message from the **Chairman**

At the very outset, I would like to send you warm greetings from Bishal Media Group (BMG).

It is true that we live in and depend on a complicated, highly interconnected, and rapidly changing world — consisting of several diverse but connected systems — environmental, social, economic, technical, political, cultural, and so on. This global interconnectivity indicates that influencing one element may cause unforeseen changes elsewhere. In this context economic prosperity and equitable growth of Nepal is getting more challenging day-by-day.

At BMG, we aim to contribute enhancing economic development of the nation through systematic, responsible, unbiased, and free journalism. Based on Global Best Practices and our values of Service, Excellence, Integrity, and Responsibility, we do our best to promote Nepal's economic, social, and political changes through varieties of media like television, radio, newspaper, and online portal. BMG has been producing television/ radio programs, organizing national level summits/conferences, conducting research, and training, and running news portals. We sincerely hope this chronicle will present you some of the glimpses of our activities towards socio-economic development of the nation.

Mr. Naresh Prasad Shrestha

Chairman

Bishal Media Group/ Bishal Foundation

Preface from the CEO

Bishal Media Group is an important media group that provides constant consulting for the economic prosperity and entrepreneurship development of Nepal. It has been working on the field of production of development television programs, documentary productions, entrepreneurship conferences, conducting the online news portals focusing on economic issues. Moreover it provides media consulting services to National and International partner organizations.

With the slogan “Journalism for Economic Prosperity” BMG has decided to conduct various programs in cooperation with the government, private sector and international partner organizations in order to improve the efficiency and effectiveness of local bodies from 2023 to 2025 and to achieve the goals of sustainable development. Till now it has successfully completed more than 100 projects of 90 service providers in a period of 8 years, expects continuous cooperation with you.

Welcome to Nepal’s best media group.

Mr. Bishal Gaire

Co-founder & CEO

Introduction

Bishal Media Group (BMG) has been recognized for eight years as an excellent media group in developmental journalism. This group contributes to the achievement of sustainable development goals through television programs, documentary productions, meetings, conferences, high-level seminars, online news portals and media consulting services. Continually collaborating with Government, Private Sector, and International Partner Organizations, BMG has expertise executing more than 100 projects from 90 partner organizations.

Vision

The vision is to establish as an effective media organization in order to achieve sustainable development goals. Initiatives will be taken to strengthen the country's economy through the development of successful Youth Entrepreneurship in the country.

Mission

Media advocacy will be employed to encourage an Entrepreneurial Environment. Constant focus will be given to a responsible Government, vibrant private sector, responsible citizens, and supportive International Partner Organizations. As a center of investigative journalism, this media will consistently carry out new research. Production of high-quality content, leverage cutting-edge technology, and satisfy partner agencies are the priorities of BMG.

Strategies

A result-oriented team and a strategy of high-tech approach will be adopted to achieve the target objectives of BMG:

Developing an organizational culture.

Establishment of competent advisory board and thematic think tanks.

Executing joint projects with government, private sector and international partner agencies.

Emphasis on using the best technical materials available on the global market

Prompt service delivery and customer satisfaction.

Assisting government in accomplishing the objectives of sustainable development.

Successful outcomes and sustainability of the program.

Core Values

- Campaign for Economic Prosperity
- Quality and trusted digital business media
- Corporate culture with ethical values
- Zero Tolerance against corruption
- Emphasis on innovation, entrepreneurship, and information technology
- Active as a think tank for business
- Government and private sector partnership
- Innovative and timely programs
- Target fulfillment
- BMG will keep advocating for creation of a National economic growth, business-friendly environment and Entrepreneurship Promotion.
- Media programs will be made effective. This company has taken the vision of continuously advancing Nepal's economy through media initiatives.

Objectives and Goals

- BMG aims to support government in achieving the sustainable development goals and deliver top-notch service for partner agencies' projects.
- To assist in achieving the sustainable development goals.
- Propagation of bad practices and exposure of corrupt practices.
- To provide quality media services to partner agencies using high technology and human resources.
- To promote youth entrepreneurship.
- To strengthen the foundation of development journalism.
- Execution of socialization initiatives at the federal, state and local levels.

Policies

Bishal Media Group is a media company registered under the Company Registration Act 2063. The Company Act, Labor Journalists Act, Public Procurement Act, and other regulatory bodies' rules and laws are all scrupulously adhered by this media group. BMG is completely cognizant of the ethics and secrecy of journalism. In order to achieve the target objectives of this media group, company is working by developing financial regulations, administrative regulations, employee services, terms and selection regulations, program management procedures and other regulations. In the context of program execution, this media group has given the following particular consideration:

- Every action will adhere to the journalism standards and Nepali Law.
- Strictly forbidden to engage in child labor, labor exploitation, sexual exploitation, or in any other unethical practices.
- Any form of selfishness or deceit will not be tolerated in this media group. Also, there is zero tolerance for corruption.
- Inclusivity, backward/marginalized classes and communities will be given priority in recruiting process.
- Company's income and expenses will be managed through the software and the obligations and taxes owed to government and other agencies will be paid regularly.
- When collaborating with partner agencies, understanding will be made only by knowing the company's code of conduct and primary areas. BMG will not participate in any program that is detrimental to the nation or has vested interests.
- There won't be any initiatives that lead to conflicts of interest.
- The company will prioritize social responsibility.

Every action will adhere to the journalism standards and Nepali Law.

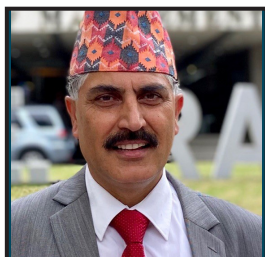

There won't be any initiatives that lead to conflicts of interest.

The company will prioritize social responsibility.

Areas of Priority 2023-25

Local level development

A media promotion program of good practices and efforts at the local level is being conducted. Among them, programs such as leadership development trainings, portraits, public hearing-style television programs, radio programs, publication of reports, production of public awareness video materials are being conducted at the local level.

Youth entrepreneurship

For the development of youth entrepreneurship, meetings, conferences, competitions, training programs, television programs, PSA videos, online motivational podcasts will be conducted and studies, research journals will be published.

Business Community

For the economic development of the business community, a news-based business portal called nepalbusiness.com, summit, awards and television Programs are in operation.

Financial access and literacy

In order to increase access to finance at the local level, subsidized credit expos, television programs and PSAs are made in partnership with banks and financial institutions. Counseling work is also done to disseminate and promote programs and schemes of the related bodies, not only for literacy but also for financial partnership.

Sustainable Development Goals

An awareness-raising program will be conducted to support the United Nations, International partner organizations working in Nepal, and Nepal Government in achieving the sustainable development goal. As prioritized by the SDG Media Compact, Bishal Media uses a variety of media programs to promote news, features, and data about the SDG. The priority of this media group will also remain to assist partner agencies with their media consultancy projects in relation to various SDG themes.

Economic development and empowerment

Monthly media workshops will be held as part of initiatives for innovation and economic growth. Such conversations involve collaboration with a number of Municipal, State, and Union Bodies.

Policy Advocacy

High level dialogue television programs, portraits, PSAs, political and programmatic debates are being conducted for social justice, equality, and civilization.

Tourism promotion

A tourism-related portrait will be created in 10 languages, including Nepali, to promote tourism in Nepal. Television programs and PSAs will be produced to promote new tourist destinations as decided by Local and Province Government.

Technical capacity

This media company, which has been involved in journalism and event planning for the last nine years, appears to be at the forefront of its field in terms of technical prowess and highly qualified people resources. This media outlet currently broadcasts content using new technologies in Nepal.

- 6 HD cameras, 3 focus cameras, pin microphones, and wireless microphones

Nepal Youth Entrepreneurship Summit

www.nyesummit.org

Introduction

Every year, Nepal Youth Entrepreneurship Summit is organized at the national level with the collaboration of the government and private sectors. This summit has evolved into a unique platform for fostering entrepreneurial mindset and skill development among young people. The summit will feature a start-up story, a panel discussion, a group discussion, networking opportunities, presentations from successful young entrepreneurs, award presentations, an entrepreneur's expo, a demo exhibition of innovative works from around the globe, and an investment agreement, and start-up mentoring. The summit's second edition was completed in 2022, and the third and fourth summit will be held in partnership with various province governments in 2023 and 24 respectively. The creation of youth-friendly policies, programs, and finances appears to be a success of the summit.

Expected outcomes of the Summit

- Strong National level network of youth will be established.
- Political and administrative commitment for youth Entrepreneurship friendly policy, programs, environment, and Budget.
- Creation of Investment environment from Banks, Financial institutions for startup business.
- The exhibition of innovative products will help to disseminate goodwill.
- Mentoring support will be provided to youth
- Enabling the environment for production through self-employment and reduction in unemployment.
- Youth will be motivated and capacitated for youth entrepreneurship.

Objectives of the Summit

- Facilitating start-up entrepreneurs for initial investment.
- Sharing of Youth Experiences.
- Share the experience of successful entrepreneurs.
- Career counseling.
- Financial literacy and Banking support.
- Mentoring for Youth entrepreneurs.
- Revising the government plan, policies, and programs.
- Strong nationwide networking.
- Exposure to innovative works.
- Motivate youth towards entrepreneurship.

“Entrepreneurship Dialogue” Television show

This program, telecasted through Nepal Television, is a National level weekly program which involves the discussion among experts and concerned authorities about entrepreneurship policies, problems and opportunities of the entrepreneurs and new startup enterprises. The program is recorded between 3 Chief-guests, 10 respective subject experts and 150 entrepreneurs in the form of public hearing. Under this program provincial entrepreneurship dialogue will be conducted in all 7 provinces along with national discussion upon other factors of entrepreneurship like education, health, women, youth, agriculture and tourism and telecasted through television. The program will be produced bring focused upon the policies, plans and programs put forward by government, the aim of sustainable development declared by UN will be motivated and the challenges, chances and opportunities for entrepreneurs.

“Udhami Samvad”, a partnership between government and private sector, has completed 60 series. This program is effective for conveying the issues faced by businessmen and industrialists as well as for providing proposals and advise on government policies. This public hearing style program is broadcasted in all 7 provinces through Nepal Television.

Krishak Sang Krishi Mantri (Agricultural Minister with Farmers)

This TV program “Kisan Sanga Krishi Mantri” is one of the pioneer initiatives of Bishal Media Group to enhance Nepalese agricultural sector. This program could be cornerstone for the triangular development of Nepalese agriculture. The involvement and direct connection of the regional and provincial agricultural ministers in a TV show with the local stakeholders, including farmers, could encourage agricultural production and promote agro-based economy.

“Krishak Sanga Krishi Mantri” show is a national level TV program scheduled to telecast weekly from NTV, a national level TV channel, which covers national and provincial agricultural sector. The aim of this show is to explore opportunities in agriculture in all the layer of the government – central to provincial level, identify challenges faced by the agricultural sector, understand the problems faced by the agricultural farmers, identify potential solution to those problems. Further, this program aims to play moderator role to convey government plan, program and strategies and agricultural related policies to the real farmers’ lies in province, local level and grass root level.

Ongoing Initiatives

<https://cnind.org/nes/>

Introduction

This summit aims at entrepreneurship development leading to economic growth in our country. NES will create a space for emerging entrepreneurs. Balancing a strong vision with the willingness to embrace changes is indispensable for entrepreneurship to prosper. NES will be taking on existing problems, realize the new values of entrepreneurship and develop groundbreaking ideas for a sustainable economy. Developing effective and efficient economic reforms, enlarging our local and regional job market through various innovative techniques, and cultivating entrepreneurship culture in different geographical locations and provinces will be some of the core areas of discussion. This one-day event will include networking, collaborations, mentoring, panel discussion, idea pitching, partnership building, and identifying the markets with good products and services for transforming local and regional communities. NES will serve as a connection between governments, policymakers, private sectors, Embassies, and International Agencies. NES will concretize itself as a knowledge park of exchanging new ideas and creating new opportunities for further expansion and investment.

This summit will focus on Entrepreneurship development and economic growth in Nepal.

Our country is a dreamland for many possibilities, yet to explore in its full capacity in sectors like Tourism, Water, Agricultural, Service, and Technology and so on. To blossom the vision in this holy land, “Nepal Entrepreneurship Summit” a brainchild of Confederation of Nepalese Industries (CNI) and Bishal Media Group in association with Ministry of Finance and Ministry of Industry, Commerce & Supplies will definitely add a feather in entrepreneurial journey and prosperity. The summit’s first edition was completed in 2019, and the second summit will be held in partnership with government and international partner organizer in 2023.

Ongoing Program

Urban development television program

It is a public debate television program between citizens and public representatives within municipality, produced in collaboration with several municipalities. This program takes into account the best practices in the city, the actual program's effectiveness, and the opinion of city residents.

Provincial Youth Entrepreneurship Summit

This Summit will be beneficial for the competition of fresh ideas among the province's young talents, for informing about the facilities and assistance provided by government, and for establishing network among youth at the provincial level in coordination with Local Government and Provincial Government. A National level youth entrepreneurship summit is organized at the federal level following the summit at the provincial level.

Providing media consultancy services

Media consulting services are provided for government, private sector and charitable organizations. Event management, photography, videography, portraiture, advertisement production, PSA production, journal publishing, social media marketing and other necessary services and consultations are being provided through this media group.

Portrait making

BMG is proficient in producing portraits in different languages with the participation of high-level technology and subject matter expertise. This media group also uses its own resources and methods to generate observational portraits, tourism promotion, and portraits of other partner agencies.

nepalbusiness.com

Nepal Business.com is a national level digital business media. Through news, features, and video content, one can read about, listen to, and watch the policies, programs, and operations of the business, economy, and financial sectors. As a substitute for radio, magazines, and television, Nepal Business Online has advanced in comparison to other financial online. As a center for socio-economic investigative journalism, BMG hosts business discourse, business seminars, entrepreneurial dialogue, success stories, and CEO business dialogues

Nepal Business Institute (NBI)

The Nepal Business Institute (NBI) is an academic institution that takes the lead in fostering entrepreneurship and business environment at the national level. NBI is founded with the core motto “Learning Business, Inspiring Growth” and strives to plan Nepal’s economic development through entrepreneurship and innovation.

NBI Programs

- Operation of colleges and universities with National and International affiliations.
- Skill Lab Program.
- Conducting conferences, summit and award programs.
- Start-up Fund Program for promotion of start-up enterprises.
- Business Incubation Program.
- Inter-Province and Inter-National industrial visits.
- Conducting business dialogue and bootcamp programs.
- Organizing Fintech Program to increase financial literacy and access to finance.
- Managing Nepal Business School Mentor Program
- Delivering training on fostering entrepreneurship using local tools and resources.
- Exporting Nepali Product.

Nepal Business Summit

Nepal Business Summit is a high-level Government and Private sector Summit, where high-ranking government officials, politicians, senior private sector entrepreneurs, International Investors and Non-Resident Nepali entrepreneurs participate. Serious debate on the government's business policies, programs, and strategies, aspirations of the private sector, the international business market, and the future roadmap are all topics covered at this summit. The conclusions of the discussion will be used by the government to commit to moving forward by improving policies and programs as needed and the summit will be successful in fostering an environment conducive to investment.

This Summit also hosts an exhibition, a business incubator, and idea competitions to entice aspiring entrepreneurs. High-level entrepreneurs are also honored through the Nepal Business Award. Through this summit and award, the summit keeps inspiring those involved in political leadership and policymaking to contribute to economic prosperity.
